Agenda

Specific tools for working with families

Dysfunctional family roles

Some standard techniques for working with families

How Engaged is the Family?

Family-centered

(Chovil, 2009)

Requirements For Practice of Wraparound Model

- Team-driven process
- Families must be full and active partners
- Individualized services and supports
- Culturally competent
- Flexible approaches and funding

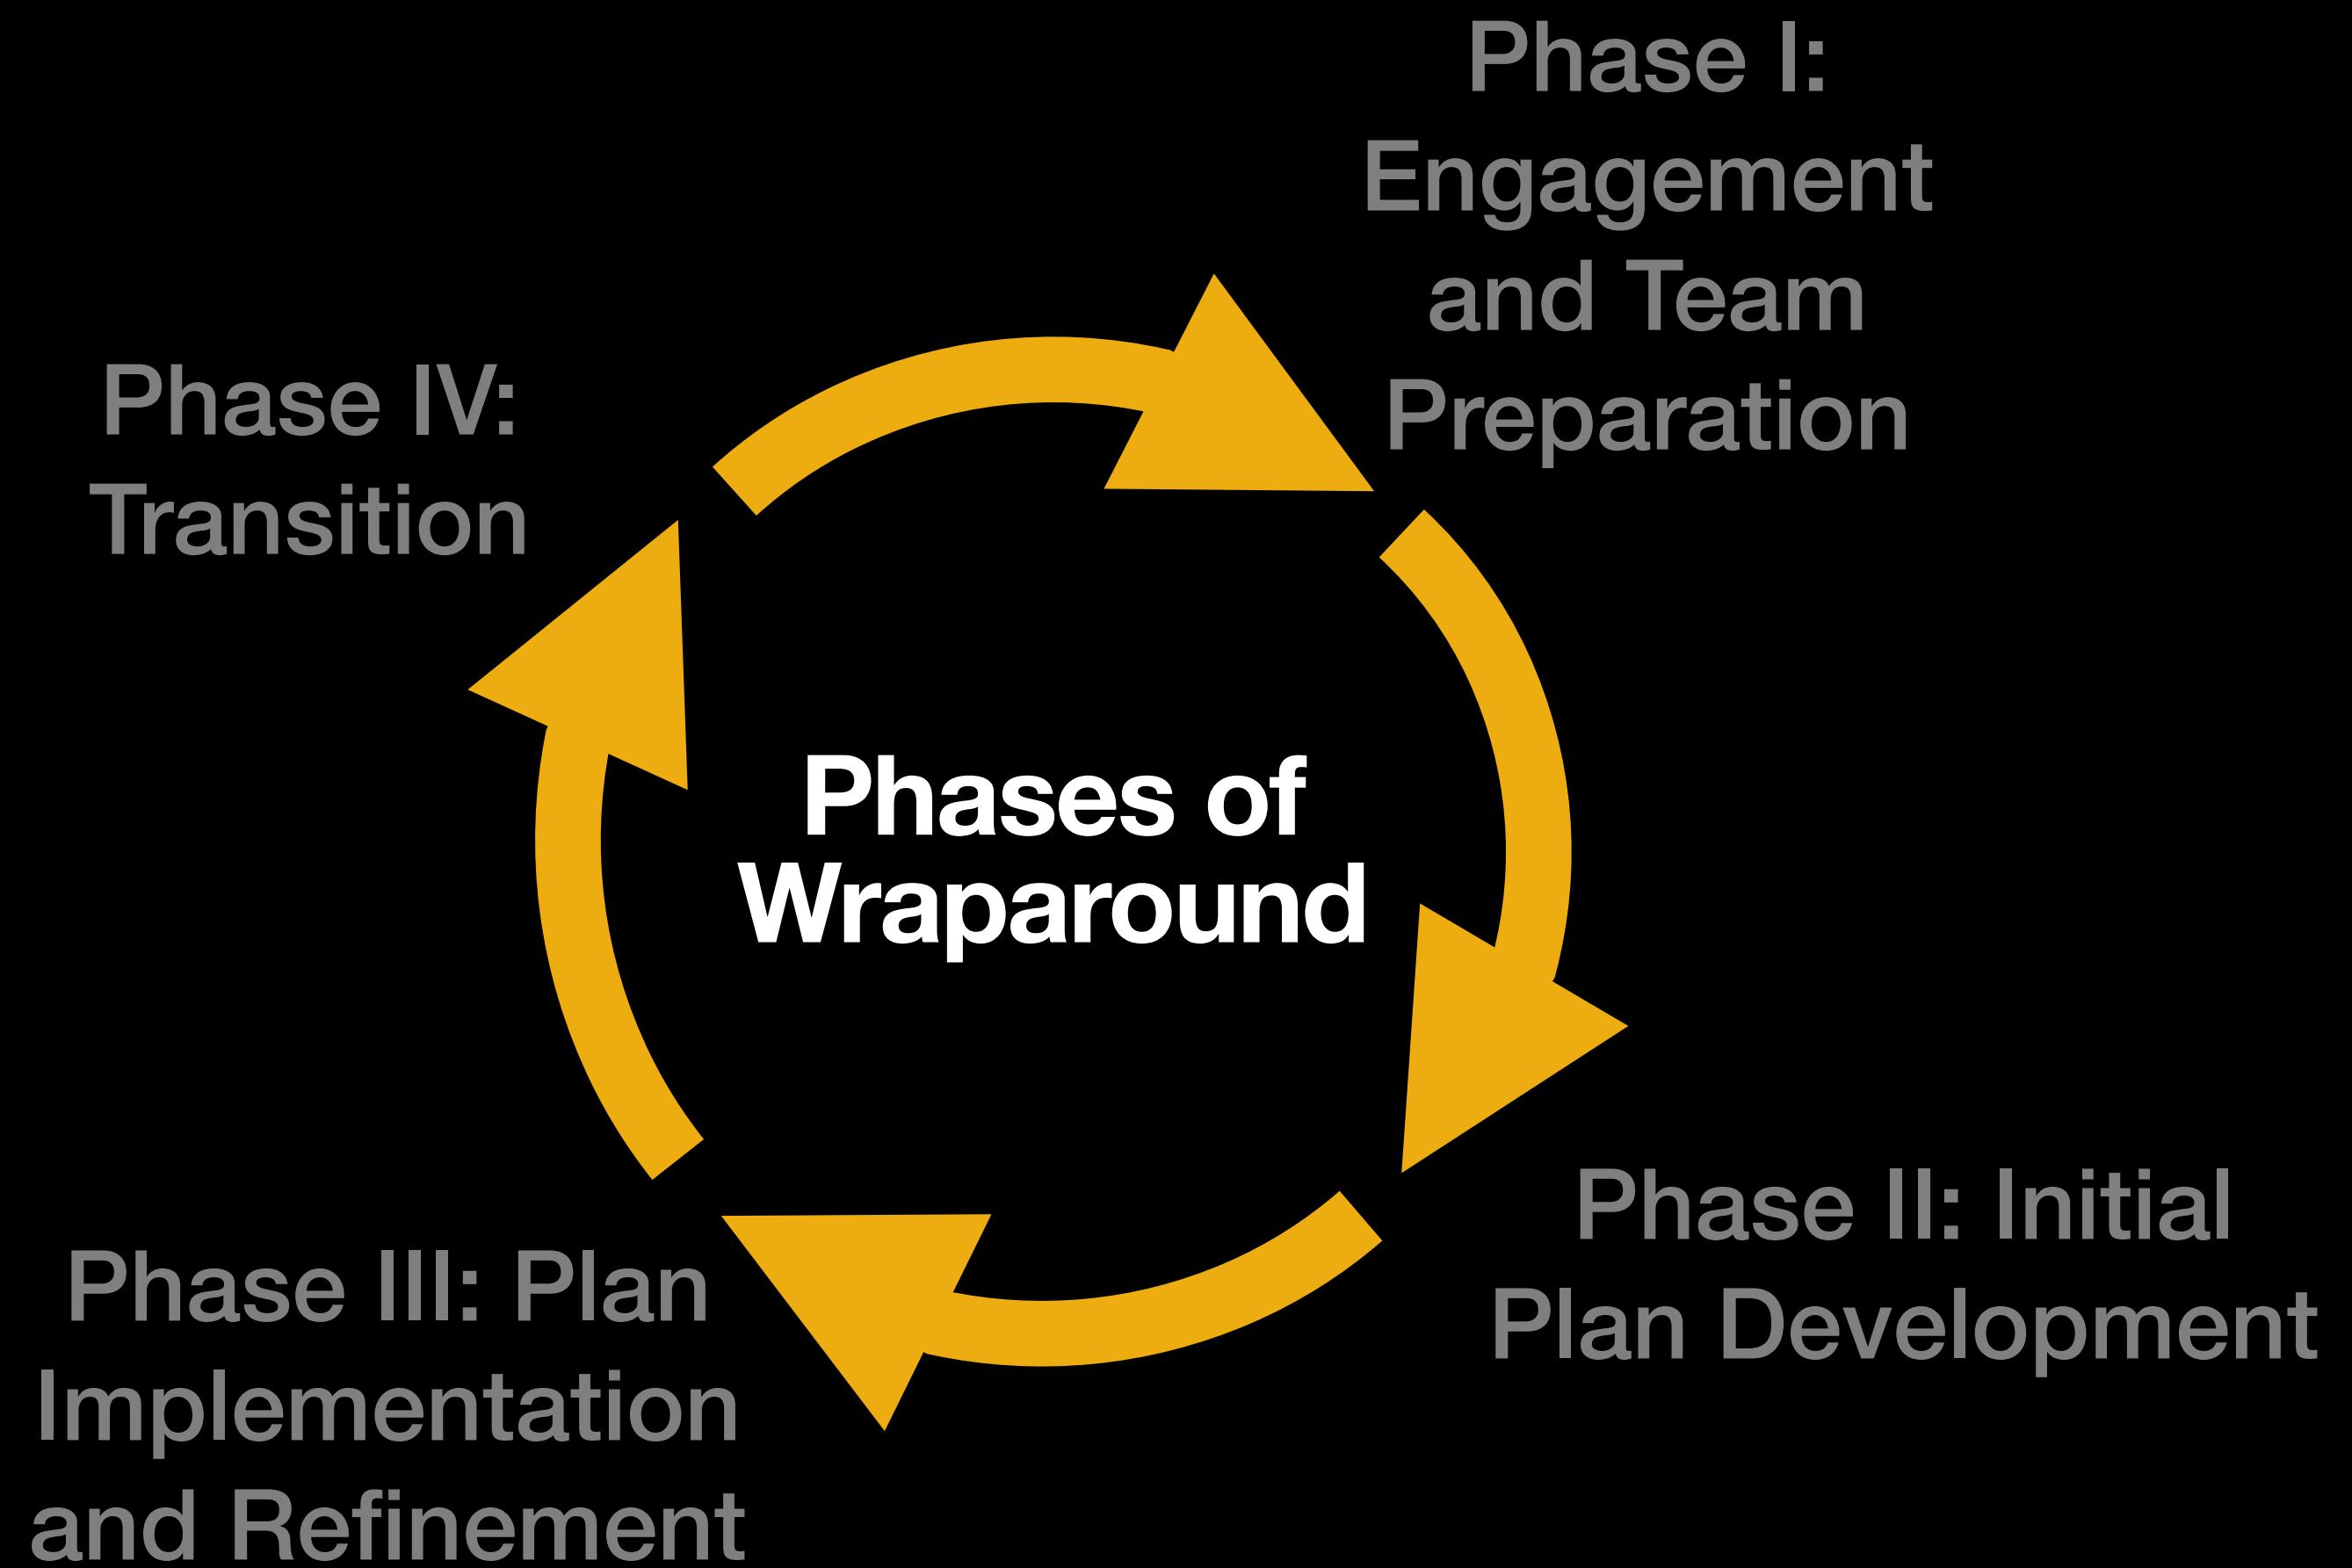

Requirements

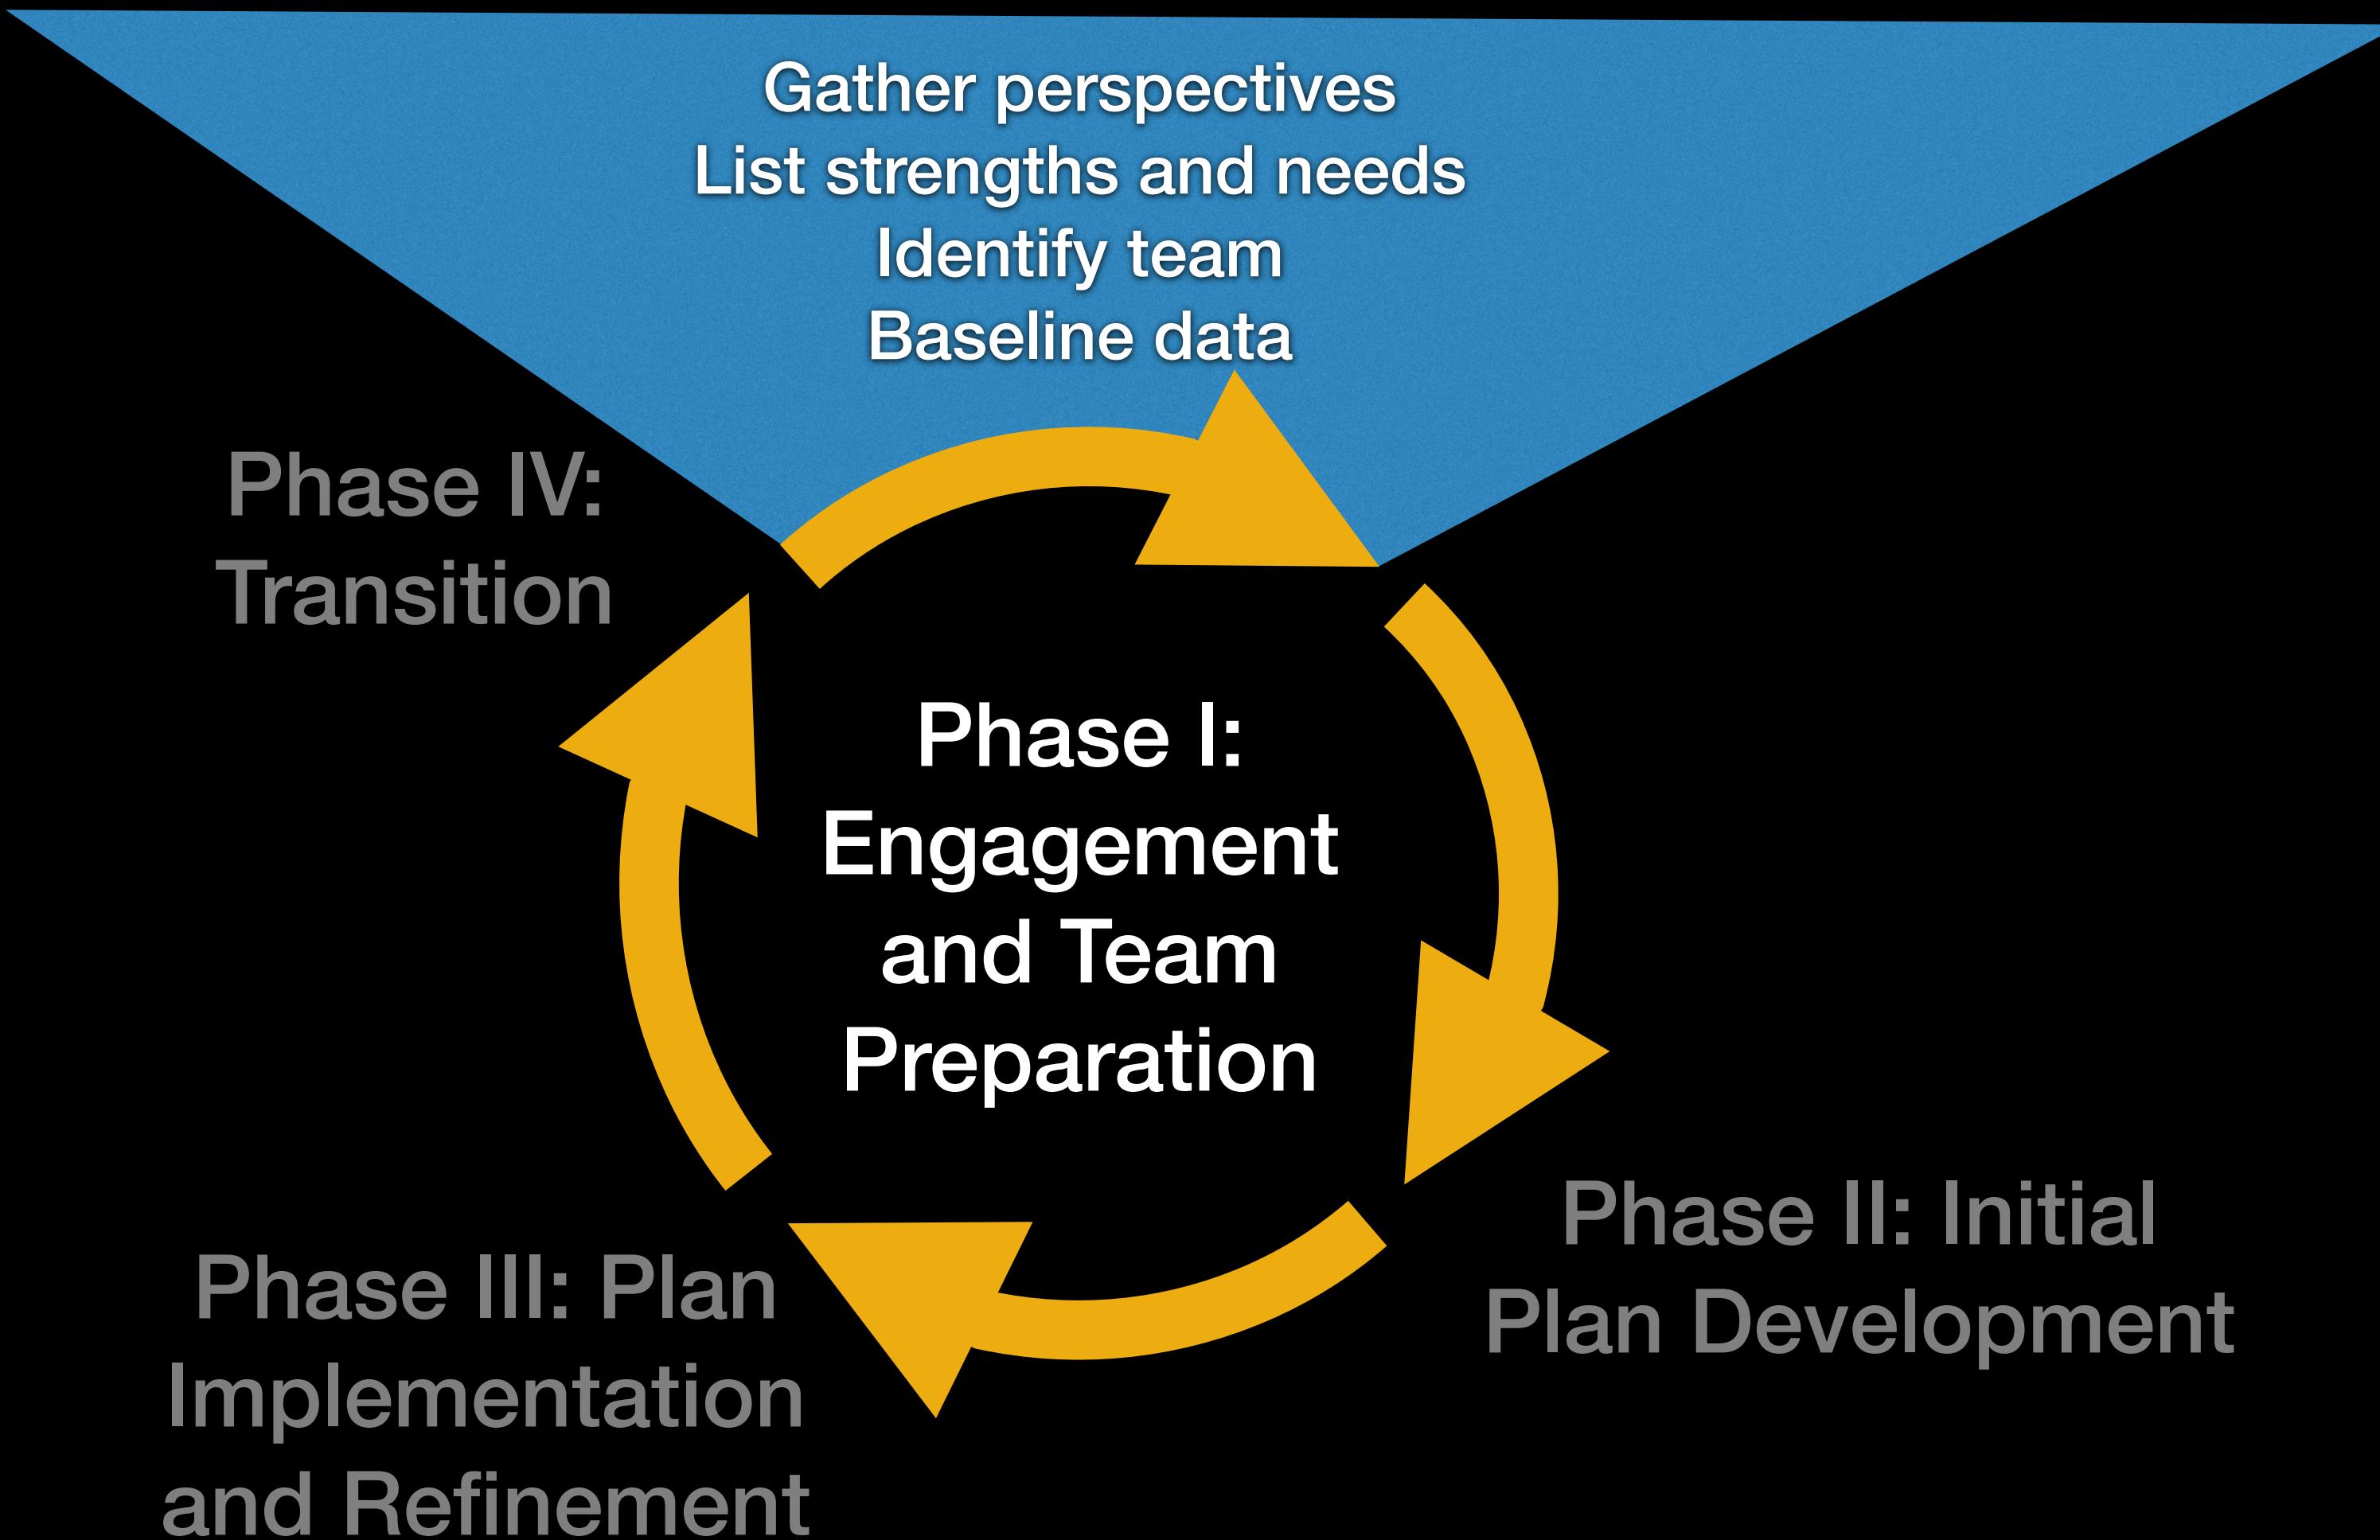

For Practice of Wraparound Model

- Balance of formal services and informal supports
- Unconditional commitment to serve
- Interagency, community-based collaborative process
- Outcomes must be determined and measured

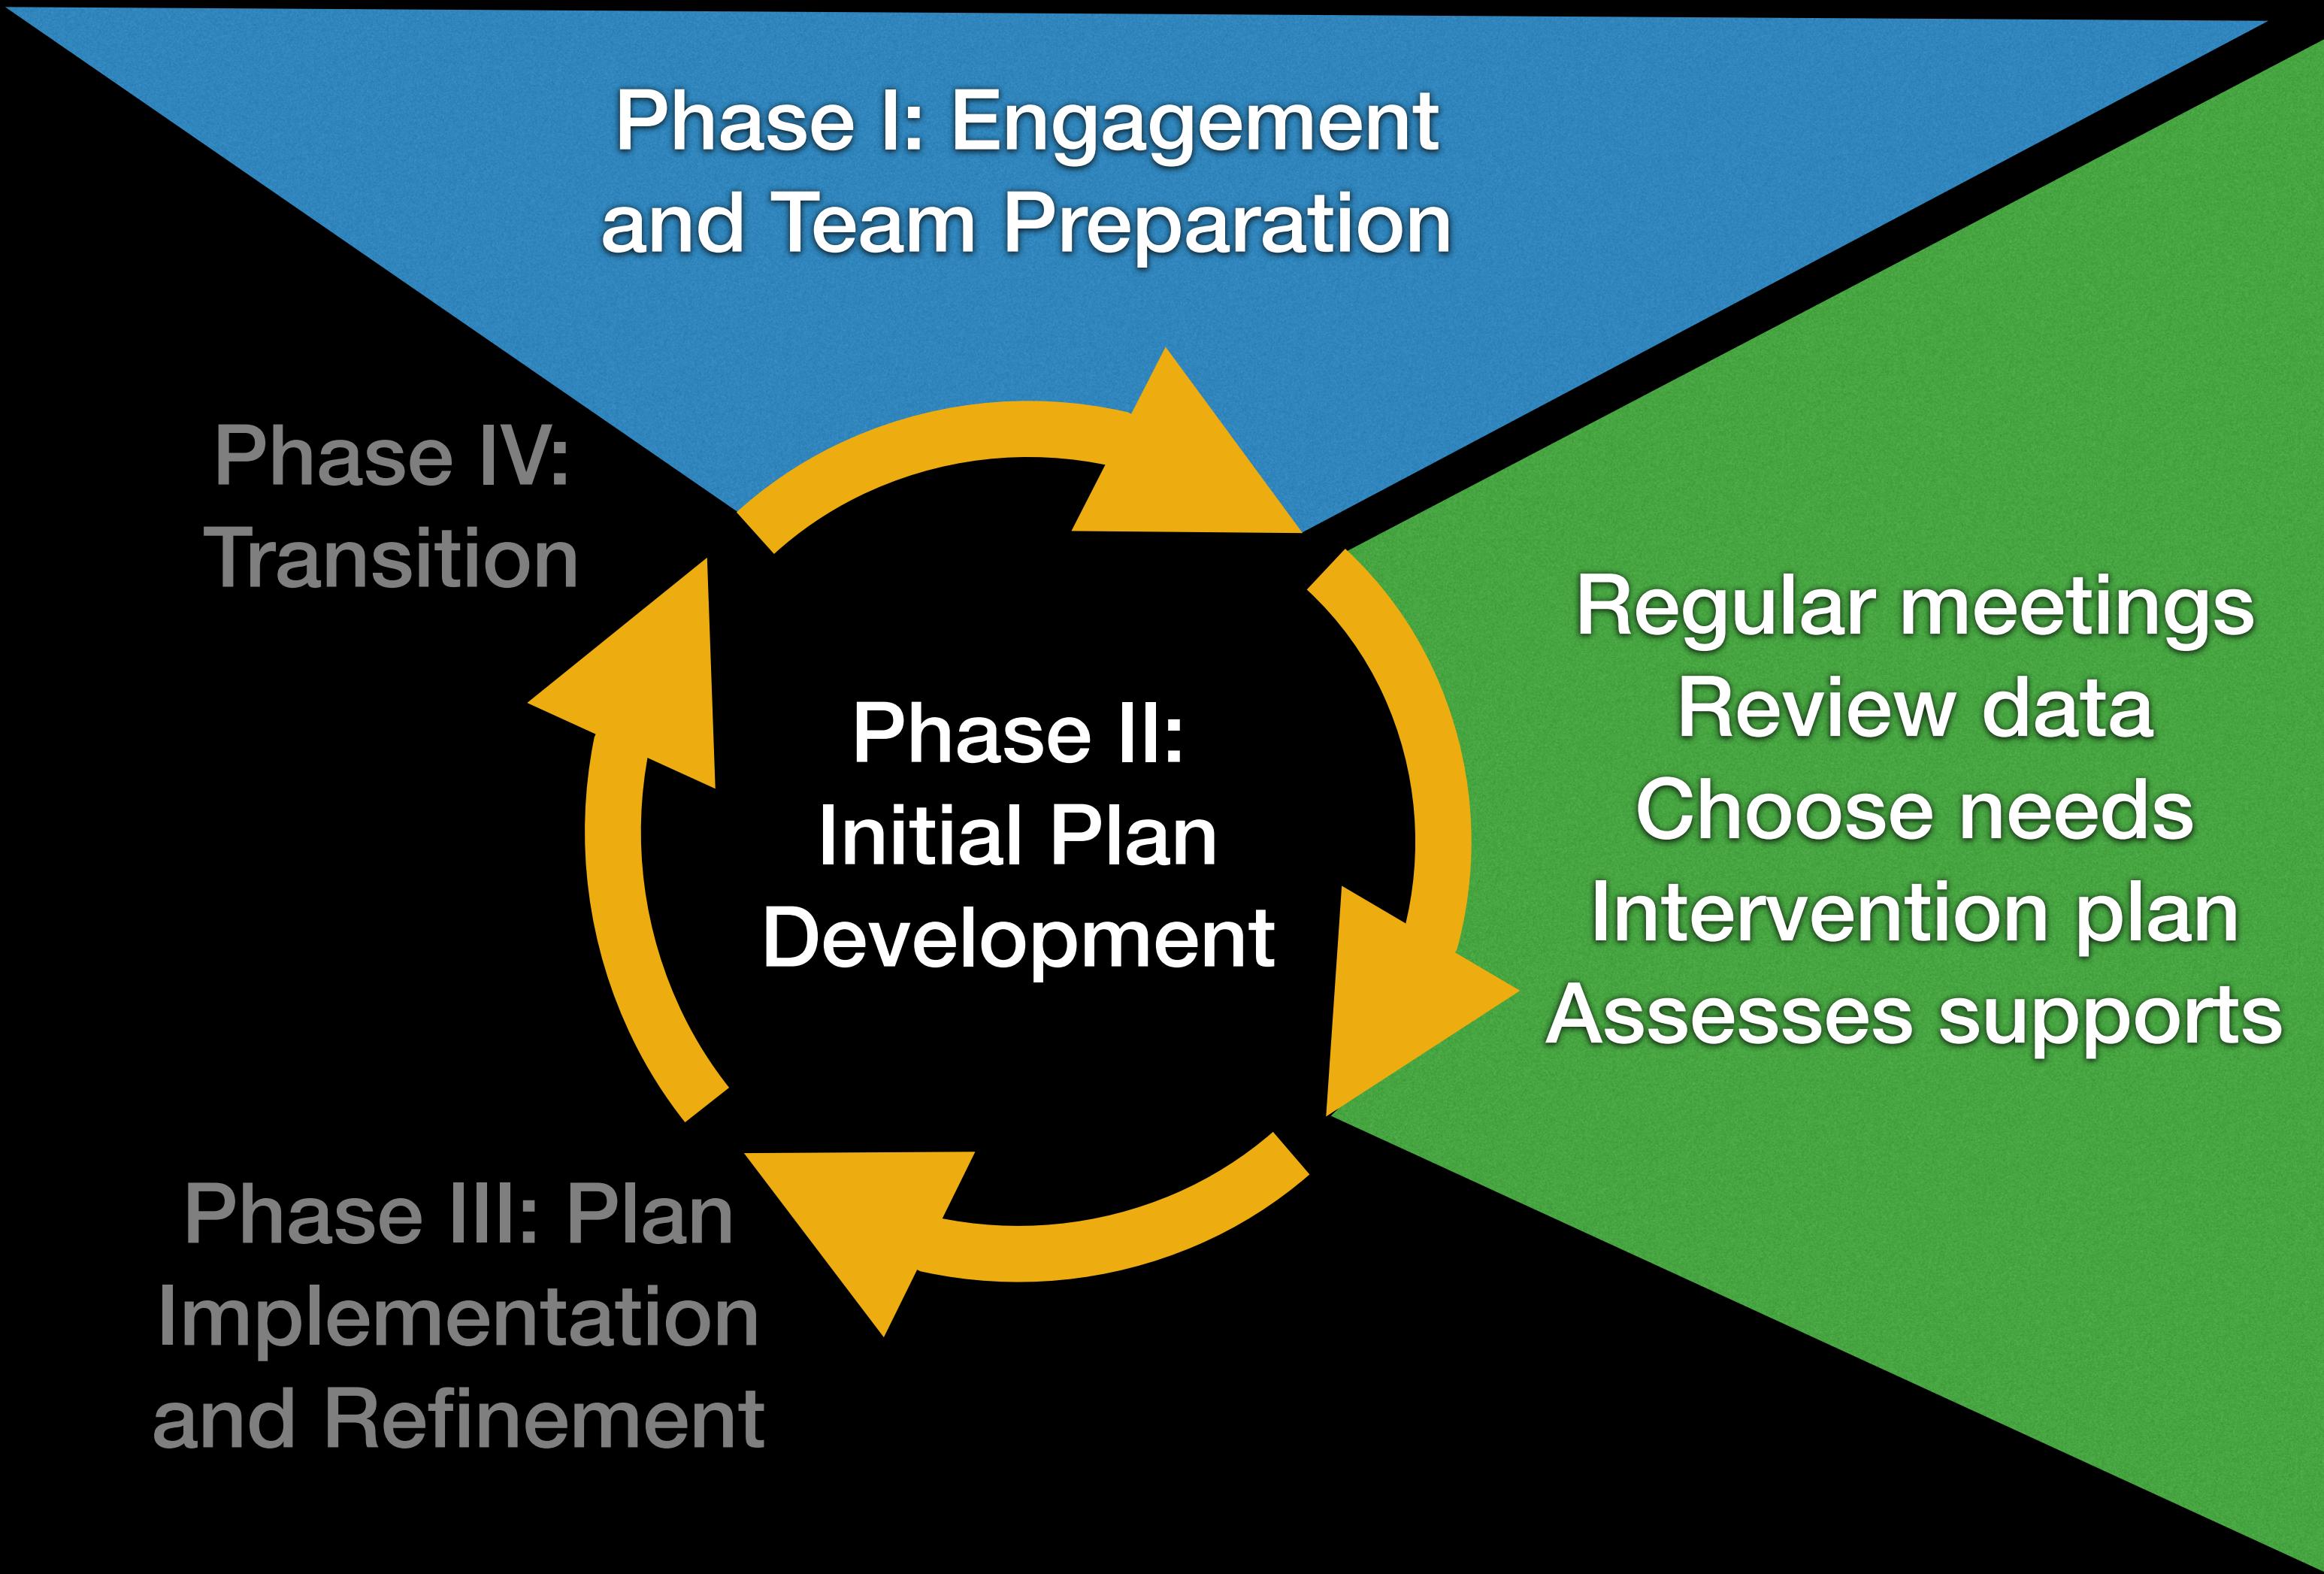

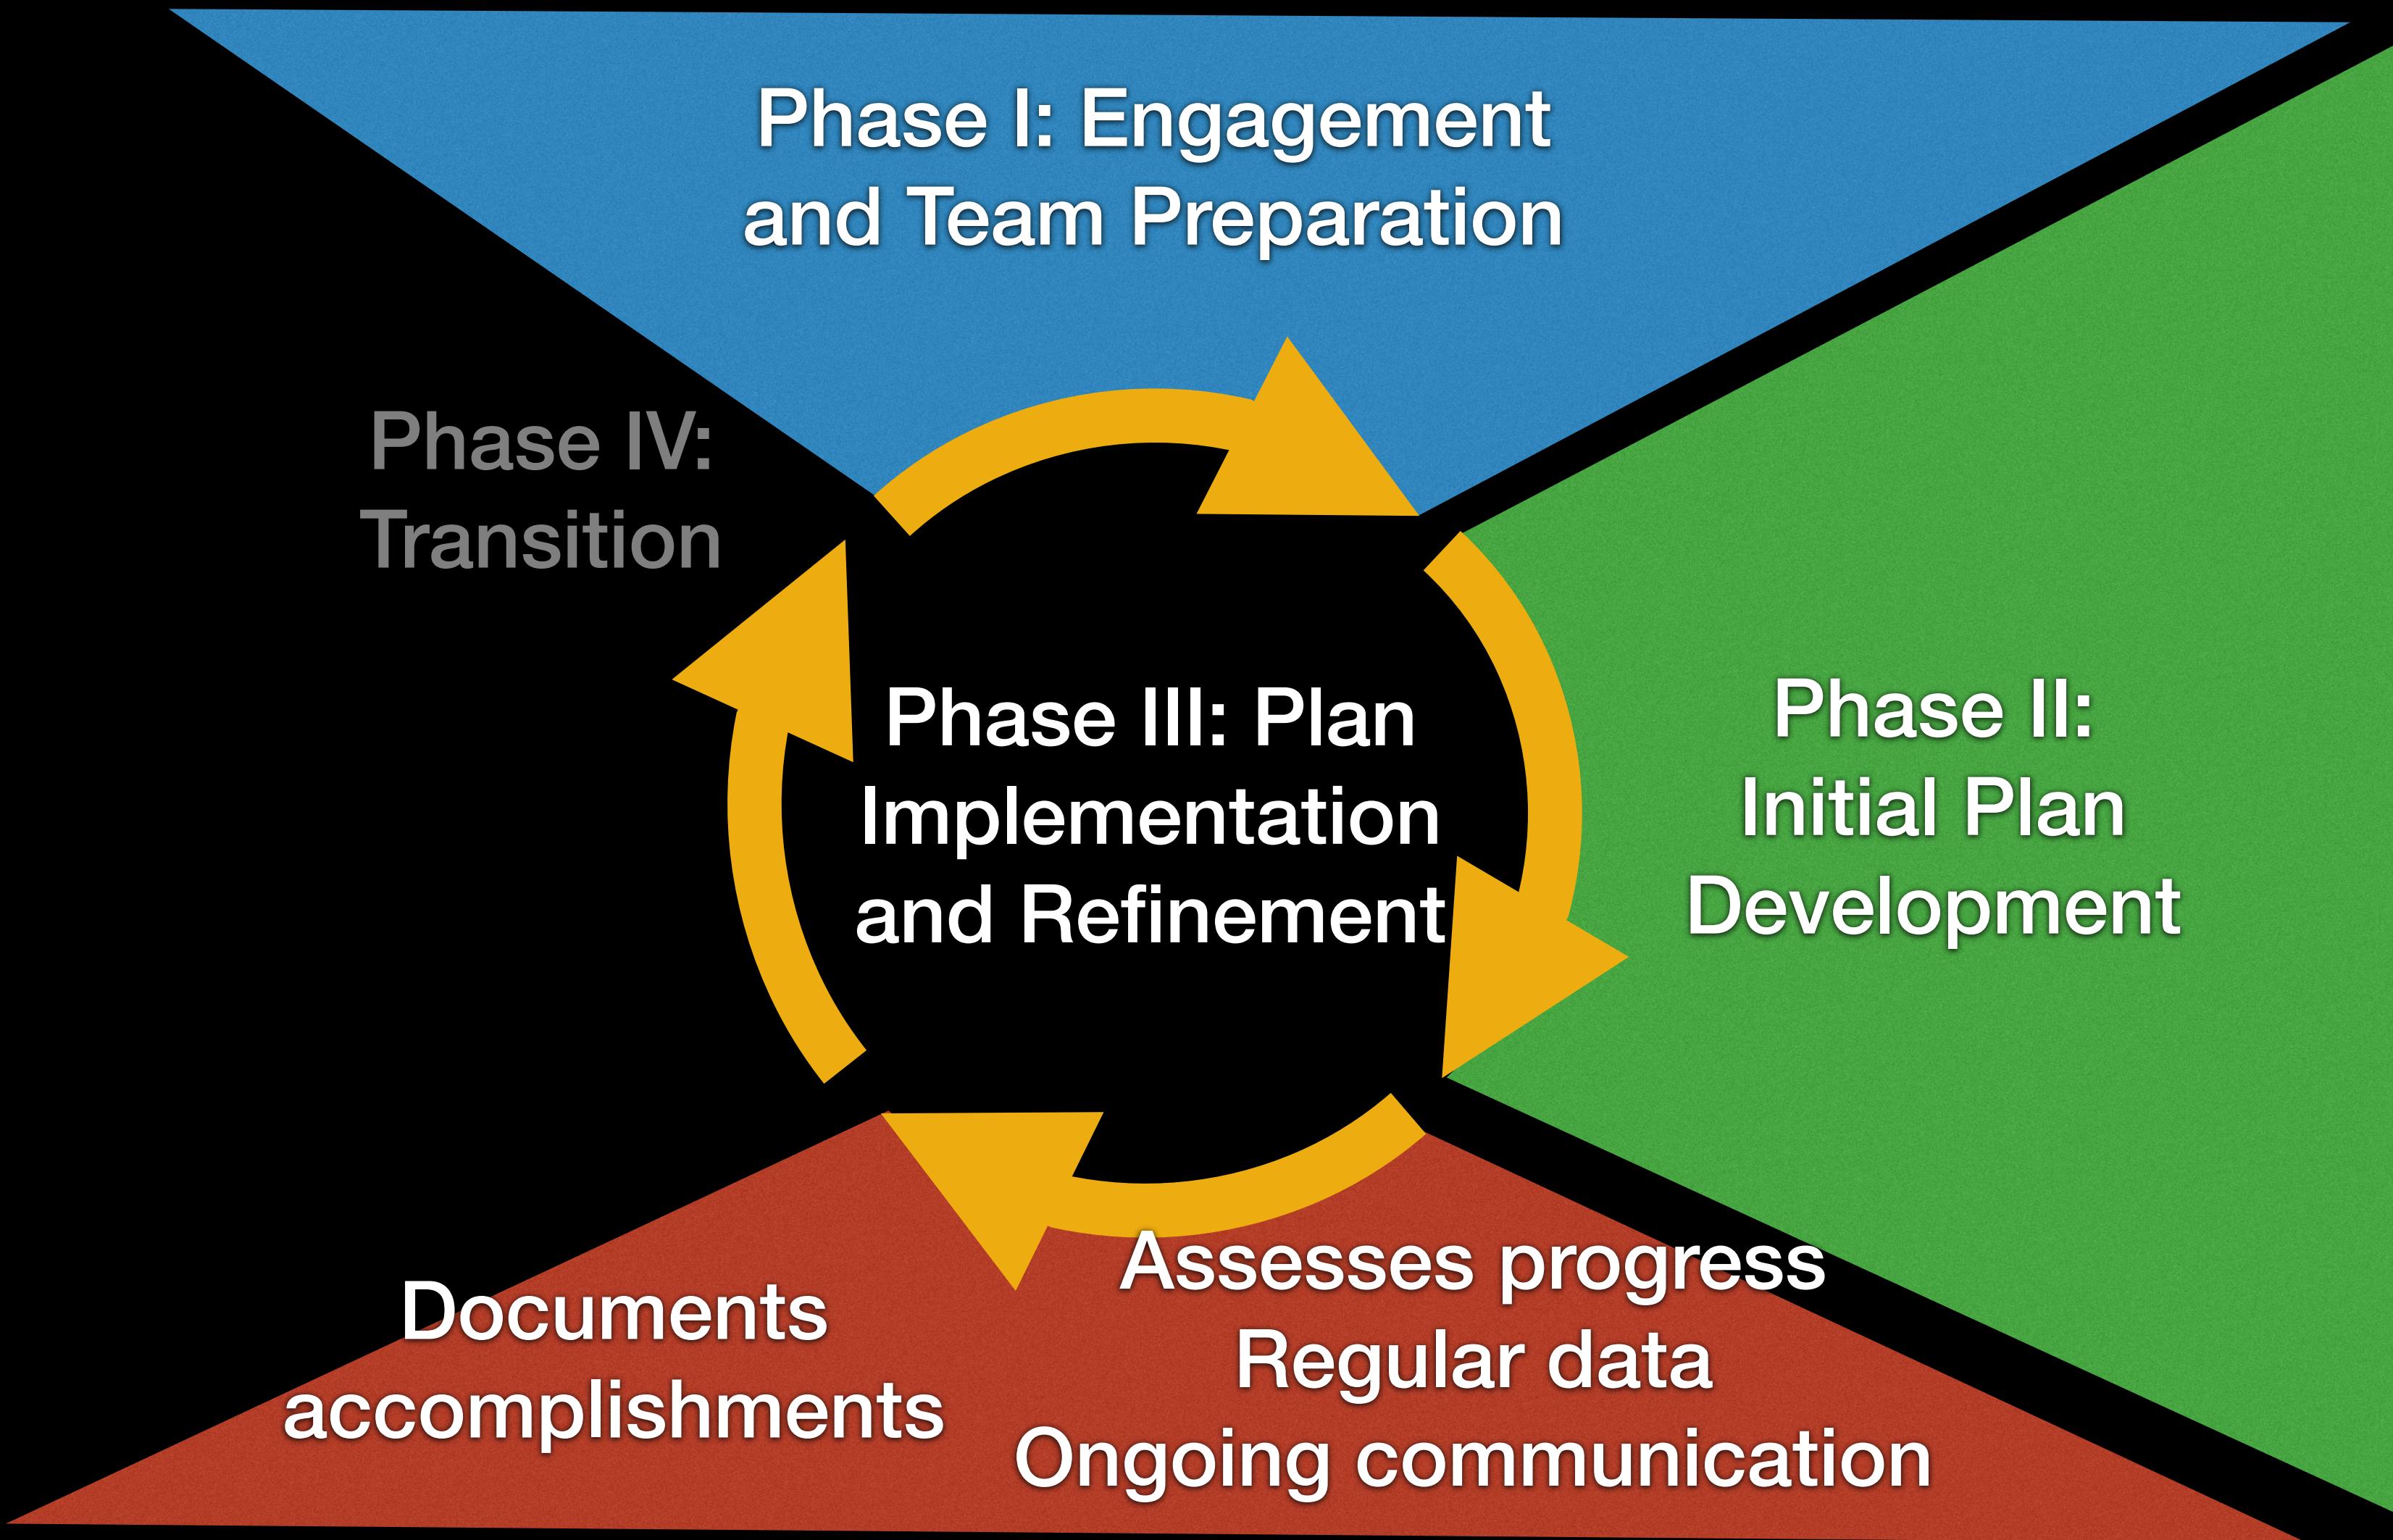

Phases of Wraparound

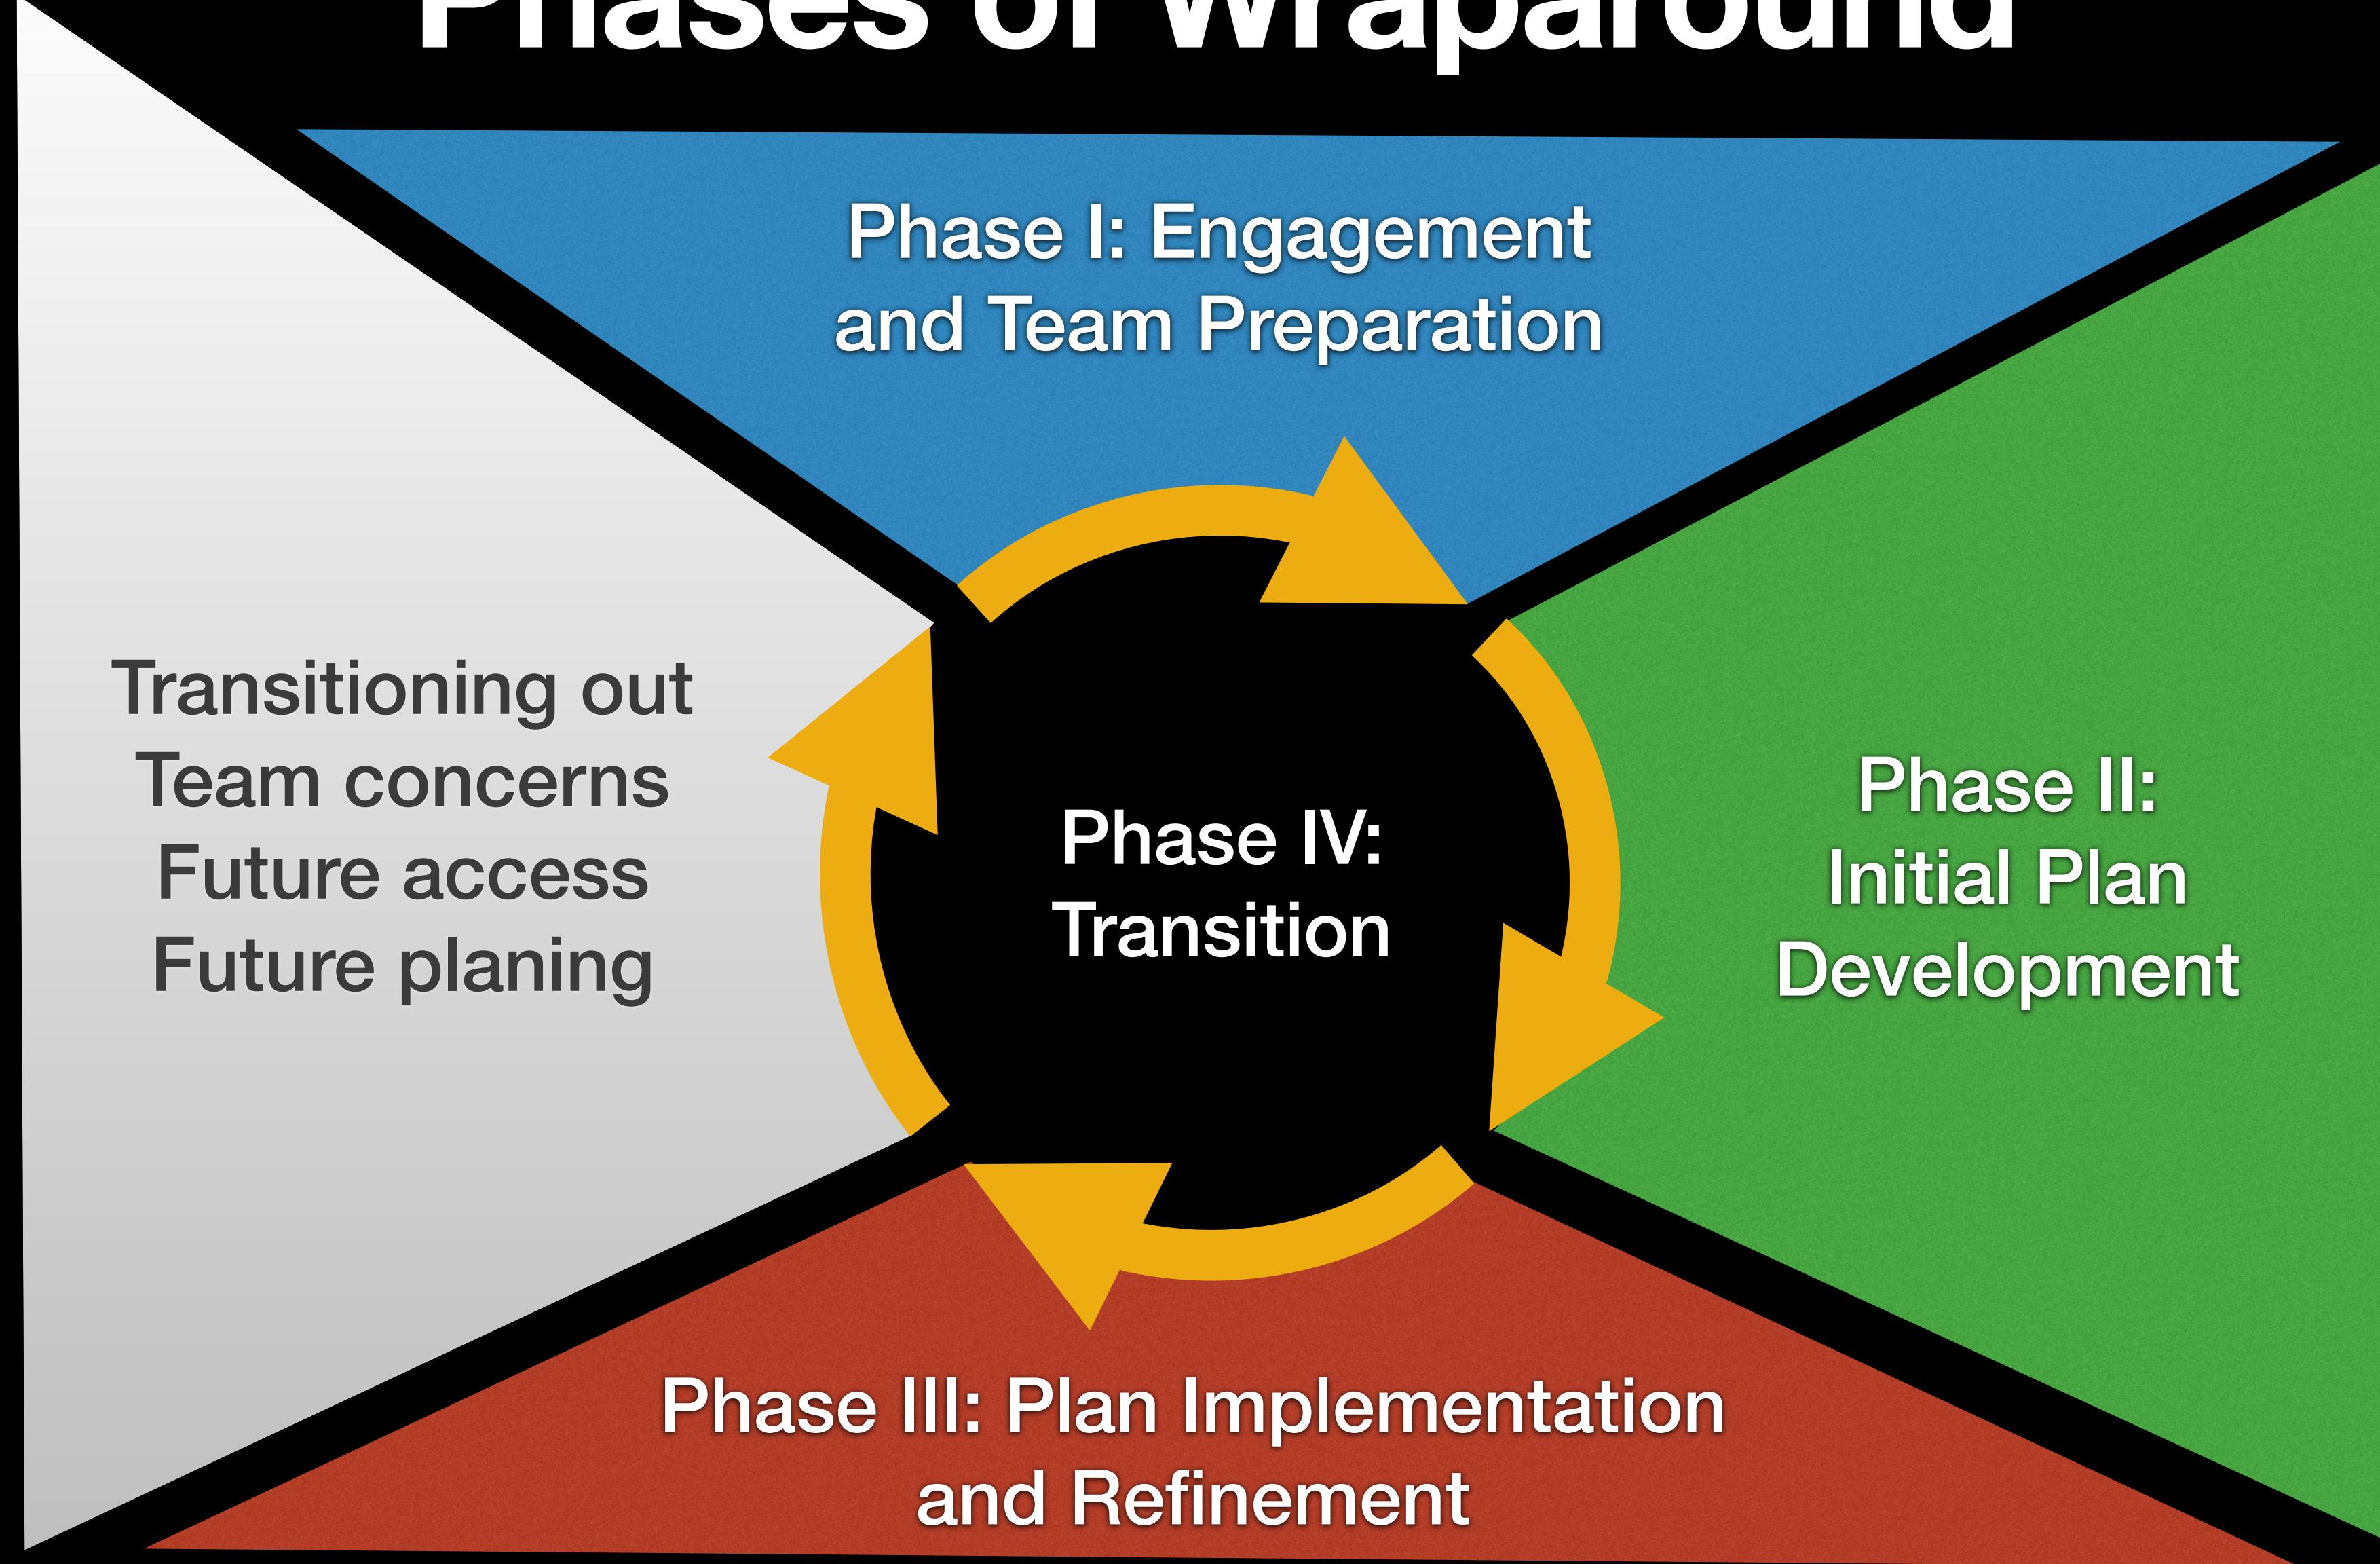

Phases of Wraparound

Phases of Wraparound

Phases of Wraparound

Anger Control Chain

Aggression Replacement Training

Triggers (internal / external)

Cues

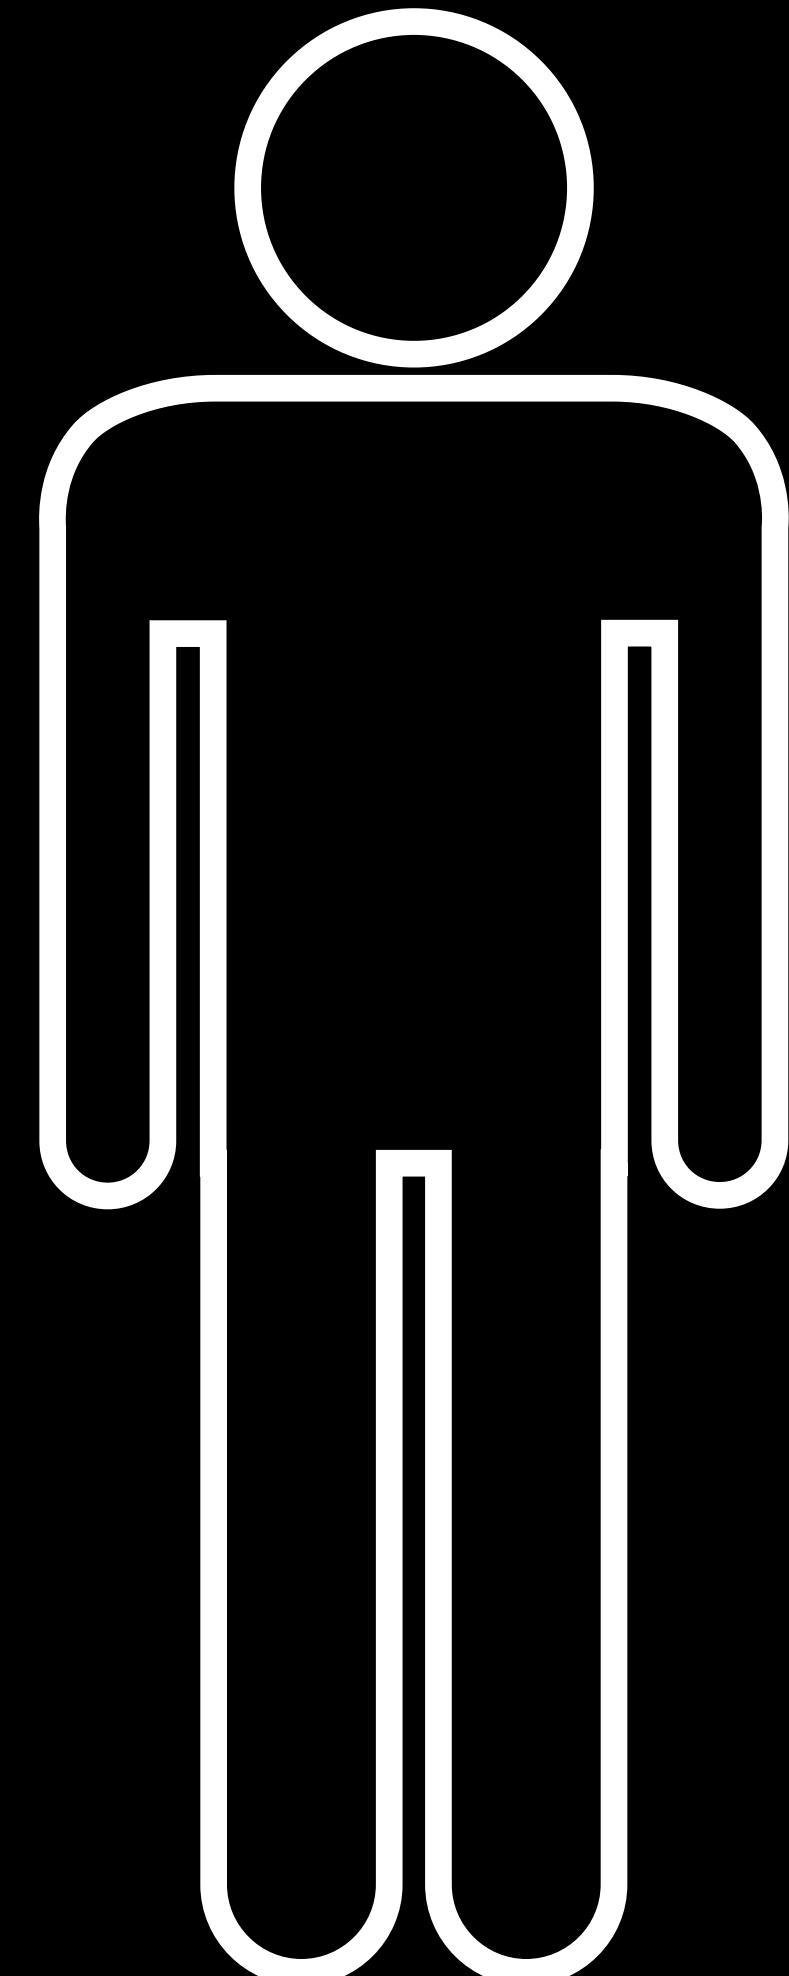

Anger reducers

Reminders

Thinking ahead (if __ then __ thinking)

Social skill

Self evaluation

What are your CUES?

Dysfunctional Family Roles
