

COUNTERPRODUCTIVE COMMUNICATION

What Doesn't Work

Jacob Campbell, Ph.D. LICSW - Fall 2026- SOWK 486 Heritage University

BIG BANG THEORY

WEEK SEVEN PLAN

AGENDA

- Parts and best practices of verbal and nonverbal communication
- Verbal communication
- Barriers to communication

LEARNING OBJECTIVES

- Identify and describe common counterproductive communication patterns and interviewing roadblocks.
- Evaluate and apply verbal and nonverbal communication techniques to strengthen therapeutic rapport.
- Reflect on how implicit bias and personal communication styles influence engagement.

TEACH BACK ACTIVITY

Students are to develop a 5-10 minute short presentation teaching your peers about assessing the chosen area.

Demonstrate

- Assessing Biophysical Functioning (pp. 168-172)
- Assessing Cognitive/Perceptual Functioning (pp. 172-176)
- Assessing Affective Functioning (pp. 176-180)
- Assessing Behavioral Functioning (pp. 180-182)
- Assessing Environmental System (pp. 182-186)

**Coming
Monday
10/19**

VERBAL AND NONVERBAL BEHAVIOR

Lie to Me

VERBAL AND NONVERBAL BEHAVIOR

THE OPPOSITE OF TALKING
ISN'T LISTENING. THE
OPPOSITE OF TALKING IS
WAITING.

Fran Lebowitz

Attentive Listening

PSYCHOMOTOR BEHAVIOR (BODY POSITIONING/POSTURE)

Our posture and body positioning is important in thinking about is one way that we provide information to others.

POSTURE

Recommended	Not Recommended
➤ Arms and hands moderately expressive; appropriate gestures ➤ Body leaning slightly forward; attentive but relaxed	➤ Rigid body position; arms tightly folded ➤ Body turned at an angle to client ➤ Fidgeting with hands ➤ Squirming or rocking in chair ➤ Leaning back or placing feet on desk ➤ Hand or fingers over mouth ➤ Pointing finger for emphasis

EYE CONTACT

- Eye contact is important in establishing rapport with clients
- It is important to remember that eye contact varies among different cultural backgrounds.

Fall 2026 - SOWK 486w

TWELVE COMMUNICATION ROADBLOCKS

TWELVE COMMUNICATION ROADBLOCKS

1. Ordering, directing, commanding
2. Warning, admonishing, threatening
3. Exhorting, moralizing, preaching
4. Advising and giving solutions or suggestions
5. Lecturing, teaching, giving logical arguments
6. Judging, criticizing, disagreeing, blaming

(Gordon, 2003)

TWELVE COMMUNICATION ROADBLOCKS

7. Praising, agreeing
8. Name calling, ridiculing, shaming
9. Interpreting, analyzing, diagnosing
10. Reassuring, sympathizing, consoling, supporting
11. Probing, questioning, interrogating
12. Withdrawing, distracting, humoring, diverting

(Gordon, 2003)

- What counterproductive communication pattern do you use?
- How has counterproductive communication affected a conversation you've been in?
- A personal story about counterproductive communication in your life?
- A way you try to use positive communication patterns in your life?

[Small Group Activity] Talk with a partner about how you sometimes fall into counterproductive communication patterns. You don't need to be overly personal, but it helps everyone recognize that we can improve our communication patterns.

TWELVE COMMUNICATION ROADBLOCKS

INAPPROPRIATE INTERVIEWING TECHNIQUE BARRIERS

- Stacking questions
- Asking leading questions
- Interrupting inappropriately or excessively
- Dominating the interaction
- Keeping discussion focused on safe topics
- Responding infrequently
- Parroting or overusing certain phrases or clichés
- Vague effusive positivity
- Dwelling on the remote past
- Tangential exploration
- Failing to be aware of implicit and cognitive bias
